Tuesday, June 21, 2005

We have completed our staff training week, one family camp, and one teen camp at Northland Camp so far. I'm very thankful God has allowed us to minister with many of our good friends this summer. God had given us a good counseling staff. Much of my work is with the counselors and I'm thankful to have the opportunity to disciple these great young people.

I am at Camp Calvary in Pennsylvania, this week. It's a privilege to be here and to preach for the junior campers. Many of my former students from Calvary Baptist School are working at Camp Calvary this summer and it has been fun to spend time with them again. On Monday, I will fly to The Anchorage, in North Carolina, for another week of junior camp. Please pray that God will use me and His Word in the lives of the campers these two weeks.

One blessing of working at camps all summer is that we are getting some great contacts with pastors for deputation meetings. Please pray that God will continue to bring in our support as we look toward April of 2006 as our target date for arrival in Peru. Praise the Lord, Grace Baptist Church in Wilmington, NC, has taken on our support and we stand now at 38% of our support. We are thankful for the opportunity to have a long-term relationship with the wonderful people of Grace Baptist Church.

In Christ,  
Tim Chapman
