Thursday, July 7, 2005

Thank you for praying for me these last two weeks. I had a great time both at Camp Calvary in Pennsylvania and at the Anchorage in North Carolina. On Tuesday of last week, while at the Anchorage, I started to feel sick. I preached that night and we had 18 young people come forward for salvation. I was sick until Friday morning, but God continued to work and we saw Him do some great things. There was a real spirit of submission to the Lord among the campers. They made some great decisions, and on Friday over 20 of the campers came forward to commit to full-time ministry. What a blessing to see that in our weakness God is strong.

It was great to return to Northland where we will be until August. Cheryl has been involved with many of the girl counselors this summer, meeting with them and counseling them. She will be meeting with several of the girls these two weeks that are leadership campers. Also, Cheryl is heavily involved in a Spanish recording that we are working on with the Steve Pettit Team. My brother David is directing the recording this summer and it's exciting to see that progress. We are thankful for the opportunity to produce a Spanish recording, especially since there is a great need for better music in Spanish.

Please continue to pray that God will bring in our support. This Sunday, July 10th, we are looking forward to being with Pastor Mike VerWay and the First Calvary Baptist Church in Minnesota.

In Christ,  
Tim Chapman
