Dear Friends,

As far as our financial support is considered, this last six months has been a lot more interesting than the previous twelve months. In God's gracious will He has brought our official support level up to 96%. We are planning to fly to Peru sometime in the week of September 17th. We have four more deputation meetings remaining in June and July. In August we will be gearing up to get our things shipped to Peru.

We are thrilled that God has brought us this far. It's exciting to know that we will soon enter our full-time work that God is preparing for us. We want Him to be glorified!

Please pray that God will give us grace in this time of transition.

In Christ,
